GUIDELINES FOR MANUSCRIPT SUBMISSION FOR SLJER VOL. 12 (1)

THE SLJER

Sri Lanka Journal of Economic Research (SLJER) is a refereed international journal published biannually by the Sri Lanka Forum of University Economists (SLFUE). It considers manuscripts of sufficiently high-quality research outputs in the field of Economics and related areas for publication while prioritising those manuscripts developed based on papers presented at the Sri Lanka Economic Research Conference (SLERC), the annual international research symposium of the SLFUE. In addition to research articles, the Journal accepts manuscripts of short essays on economic and development policy perspectives and book reviews.

The paper should not have been published elsewhere, and the authors assume the responsibility for the accuracy of contents in their respective articles, and neither the SLFUE nor the Editorial Board of the SLJER will bear any responsibility in this regard.

MANUSCRIPT SUBMISSION

Articles are accepted in Sinhala, Tamil and English languages.

All submissions should be made electronically as Microsoft Word documents to the Email address of the Chief Editor of the SLJER, Dr A.C.M. Hanas, via acmhanas@seu.ac.lk.

Manuscripts submitted will be subject to a rigorous and independent double-blind expert review process administered by the Journal's Editorial Board, and the authors will be contacted after the review process is complete. The process generally takes from one to two months. The Editorial Board's decision regarding the publication of an article will be final.

SUBMISSION GUIDELINES

Title Page

A separate title page should be provided, allowing for blind review. All identifying information should be featured only on the title page. Ensure that no information identifying the authors, their institutions, or the institutions cited in the original research is presented in the abstract, text, tables, or figures.

List the names and affiliations of each author. Include full mailing addresses, phone numbers, and email contact information of every author. Clearly identify the corresponding, or lead, author. This person will be responsible for ushering the manuscript through the review and publication process. The lead author is responsible for keeping contact information updated. The corresponding author's ORCID should also be mentioned.

Abstract

An Abstract not exceeding 200 words in English should be included in the manuscript. It should summarise the objectives, significance, results, and main conclusions of the paper. References should not be cited in the Abstract.

Keywords

Authors should submit a list of five unique and informative keywords relating to the manuscript. Undefined abbreviations or acronyms should be avoided in the keywords. The Editorial Board reserves the right to replace keywords if necessary.

JEL: Authors should provide the JEL classification codes.

Text

- Submit all manuscript files as Word .doc or .docx files
- Manuscripts may be typed in FM-Abhaya (Sinhala), Baamini (Tamil) or Times New Roman (English) fonts. For English language submissions, use British spelling, with 's' instead of 'z' in relevant words, and not American spelling
- Use 10.5 pt. font size for the entire document, including tables, figures, headings, captions, and table notes (page footnotes, generated in Word, will be smaller).
- The word count of the manuscript should not exceed 8000.
- Single space the manuscript
- Keep 1-inch margins all round
- Place the page number at the bottom centre
- Do not use section or page breaks in the running text
- Use footnotes wherever necessary, but never solely cite a reference

- Use all CAPITAL for main headings
- Use Capitalize Each Word for the sub-headings

Equations

The author is responsible for ensuring that equations are presented properly. Use Math Type and not the Word equation function.

Tables

All tables and figures should be professionally typed based on a standardised style.

Number all tables (Arabic) as they appear in the text and ensure that all tables are mentioned in the text.

Use Sentence case for Table titles. Place the Table heading on top of the table.

Use a Word table generator; do not apply styles, shading, or underlining.

- Do not merge cells for spanning headers
- Single space all rows; do not allow lead or following spaces in the paragraph option
- Do not centre columns or rows
- Use superscripts a, b, c, and so forth sparingly for table notes
- Use * for at 10% significance, ** for at 5% significance and *** for at 1% significance.

Figures

- Number all figures (Arabic) as they appear in the text
- Use Sentence case for Figure titles. Place the Figure title below the figure.
- The author is responsible for securing permission to use graphics or data from other sources.
- If re-creating a graphic from another source, secure permission to adapt the figure.
- Provide the smart version of the figures and graphs.
- Do not send a scan or photocopy of a graphic.

Appendices

Sometimes, appendices help readers to study further the issue presented. Submit appendices separately after attaching tables and figures. If more than one appendix is featured, use capital letters to refer to them in the text: Appendix A, Appendix B, etc. Follow guidelines for tables or figures, as appropriate, when formatting appendices.
